The International Fraternity is constantly attempting to improve and expand the services to individual chapters and members, so please feel free to share your suggestions on how FarmHouse International Fraternity can more effectively assist your chapter, association or colony.

Hands-On Support

Consultation Visits

Visits from headquarters staff as well as past and present members of the International Executive Board, Regional Advisory Council members and other volunteers are scheduled each year to assist in chapter development. The staff and volunteers are available to help chapters and colonies in all facets of chapter life and operation, including organization, motivation and leadership development.

Targeted Program Visits

Each chapter receives a targeted programming visit by one of our staff Educational Leadership Consultants at least annually. These visits include 1-on-1 meetings with chapter officers, advisors and association leaders as well as campus officials. The Educational Leadership Consultants also schedule a Risk Management workshop and workshop on standards/the Individual Award of Excellence/accountability during the visits. As time permits, the ELC will also be available to put on an additional educational program/workshop for the chapter, as required.

Regional Advisory Councils

An advisory group of volunteers focus on assisting their assigned chapters by helping to provide resources, support and onsite visits to chapters and associations over a 2-3 year period.

Association/Advisor Support Visits

The Fraternity is piloting these 1-day visits (8 hours each) with six FarmHouse Associations and teams of Chapter Advisors in 2005-2006. The program covers issues related to housing, operating and leading Associations and working closely with chapters on a variety of issues. Sessions led by veteran Association Leaders/Advisors and staff.

Programs

Conclave

The FarmHouse conclave is the biennial gathering of all chapter and alumni association delegates from throughout North America. The Academy is now a 4-track program designed to help new Chapter Presidents, VPs of Recruitment, VPs of Finance and Directors of New Member Education better understand their roles and leadership responsibilities. It takes place in early January. The Academy includes sessions on leadership, motivation, risk management, strategic planning and provides opportunities for sharing ideas and improving communications between the Chapters and International Fraternity.

Regional Leadership Conference

The goals of the RLC are to explore leadership topics, address risk management issues and provide a forum for chapter members to interact and share ideas while informally, developing a broader sense of brotherhood and networking beyond the local chapter. The conference also focuses on topics that directly relate to our chapters like recruitment and alumni relations along with their personal development with career focus sessions.
